IXPERION Announce Six Sigma in Financial Services

ZURICH – 8th & 9th November 2005

IXPERION'S 2nd European Conference – SIX SIGMA IN FINANCIAL SERVICES is designed for companies of all sizes. Whether you're from the financial services sector or implementing Six Sigma in your financial back room operations invaluable insights will be gained as a result of attending.

Once again **IXPERION** have brought together world-class companies from Europe and the US to deliver cutting edge information. Hear how the experienced are using Six Sigma within areas such as *Risk Management*, *Service Enhancement* and *Cost Reduction*. They will share their Six Sigma success stories at the **Renaissance Zurich Hotel** on **8th & 9th November 2005**.

Today, the only thing that the financial services industry can be sure of is that change is here to stay. Companies are continually finding themselves faced with a widening competitive landscape, volatile equity markets and regulatory changes. In order to survive and meet these challenges, companies must adapt.

Six Sigma is now recognised by the financial services world as THE way to surpass one's competitors, increase the bottom line and provide exceptional service.

At **IXPERION'S Six Sigma in Financial Services** you can attend one of two information-packed presentation tracks, **DISCOVERY** and **TECHNICAL**, that have been expertly developed to ensure that the knowledge you gain is relevant to your level of skill and your company. The best-practice spectrum of companies represented include:

**GE FRANKONA • CATERPILLAR FINANCIAL • SKANDIA VERSICHERUNGEN
UBS INVESTMENT BANK • DEUTSCHE BANK • GE CONSUMER FINANCE
RAIFFEISEN INTERNATIONAL • TOSHIBA • EDWARDS & ANGELL
SWISS LIFE • CAPITAL ONE FINANCIAL • SCOTTISH WIDOWS
CORNING INCORPORATED • PITNEY BOWES...and more**
