

IXPERION Announce Their First International Workshop Lean Six Sigma

IXPERION are delighted to announce **The First International Workshop on Lean Six Sigma** on 10th & 11th October 2005 in Amsterdam, at the Crown Plaza Hotel Amsterdam City Centre.

Today's global business environment calls for companies to develop, implement and maintain effective quality management systems. In response, an increasing number of businesses around the world are utilising the proven power of Lean and Six Sigma under the umbrella of a single improvement programme - **Lean Six Sigma**.

Whether you are looking to initiate Lean Six Sigma in your organisation, take Lean Six Sigma to the next level, or are looking for more information on how the implementation of Lean Six Sigma can help your business, you cannot afford to miss **The First International Workshop in Lean Six Sigma**.

This event has **13 workshops** which provide a unique blend of theory and practice and have been expertly collated to allow delegates to tailor-make their own itinerary. Pick and choose from the **General, Manufacturing** and **Service & Transaction** focused workshops on offer to ensure that you gain maximum benefits.

Workshop leaders from Europe and the USA will share a spectrum of case studies, current and debated Lean Six Sigma issues, and key lessons learnt from the application of Lean Six Sigma. Join the experts at the **Crowne Plaza Amsterdam City Centre** on **10th & 11th October 2005**. Workshop topics include:

- **Lean Six Sigma Across the Entire Value Stream- RAYTHEON**
- **Identifying Value Streams and Realising Improvement - ROLLS ROYCE**
- **Using Lean Six Sigma to Transform Sales & Marketing – HEWLETT PACKARD**
- **Lean Six Sigma to Drive Changeover Reduction - DUPONT**
